

NEW!

COPPER-INFUSED COMPRESSION

COPPER KNEE SLEEVE

Feel the All-Day Difference®

Designed for all-day comfort and performance, our Knee Sleeve now comes with copper infused compression. Mild compression provides warmth, which may help increase circulation, reduce pain and promote healing. Copper-infused fabric eliminates odor-causing bacteria. The universal design can be worn on the right or left knee without bunching.

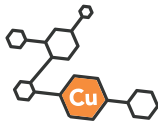

May help increase circulation

May reduce pain to promote healing

Mild compression

Infused with copper

Reversible to fit either knee
